About Great Giving Global Academy

Great Giving Global Academy was organized to carry the eternal torch of kindness and benevolence which formed the primary influence in the creation of GREAT GIVING CHARITABLE GLOBAL FOUNDATION INC., the New York Not-For-Profit Organization started in 2020, by Our Founder, Ambassador of Goodwill, Paris Keswani.

Our aim, vision and ethos are centered around narrowing the achievement gap and raising the educational standards of children from deprived areas of the world.

We welcome with open arms the great challenge and objective to deliver an educational ecosystem that will nurture, care, educate and endow our Global children with the skills needed to compete and excel in today's ever changing and challenging global community.

Mission and Vision

This proposal to establish Great Giving Global Academy really excites us because we believe that this school will truly change the lives of underprivileged children from areas of the world that are considered to be deprived. Children in these areas historically have low aspirations which in turn affect their achievements. Now is the time to make a change to unintended inherited outcomes that have kept millions of children uneducated and create a pathway to a glorious future for them.

We look forward to seeing our students and families smiling when our beloved Academy delivers its vision which is focused on providing students with a high quality education, and a pathway to a stable future.

On behalf of our Board of trustees, partners, and friends we humbly express our appreciation for all your support and encouragement, together we shall uplift the spirit of those innocent children who desperately need our help.

LOCATION

Great Giving Academy land situated behind Nal Damyanti lake a small natural lake. It is a very sacred place for the dwellers of the region. About 24km. From Kathgodam railway station, 58km. From Pantnagar airport is an interconnected group of seven fresh water lakes situated in the lower Himalayan range approx. 1510 mtr.

High from sea level. Sattal is one of the few unspoiled and unpolluted freshwater biomes in India. Sattal is unique for its biodiversity and ecological amplitude.

Dormitories will be constructed with the most modern facilities and reflect an unparalleled environmental consciousness which will be inculcated into the milieu of the overall learning at the academy.

Total registered super area is 15,750 square metre. This project land looks like camel's back top.

WATER & ELECTRICITY

Deliberate effort will be made to provide non-stop sustainable electricity inculcating solar and other diverse environmentally friendly methods to create psychological stability in the campus.

Fresh clean water will be sourced from within the premises and made available to all students at all times.

ACADEMIC BLOCK & CLASSES

Rather than numerically graded progress, our classes and ascension will be based on the unique classical subject of study. In other words, a collective embrace of the subject matter is preferred to the syllogistic numerical progression which creates unwanted competition amongst the student body.

EARNING

Our Unique Academy will embrace the process of sharing all attainable knowledge with each other and putting that knowledge to use for the benefit of all humanity.

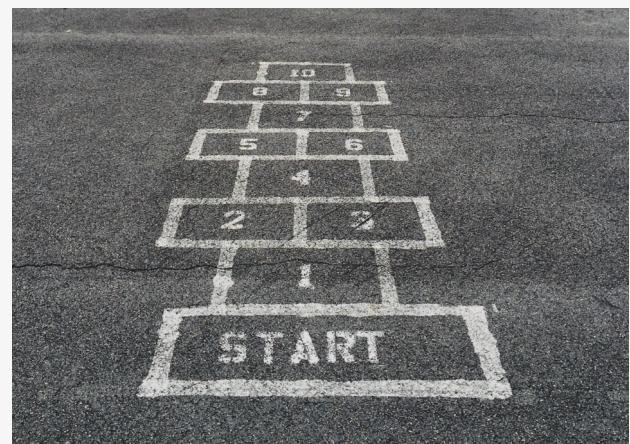

We will encourage our young scholars to become innovators in all fields with the objective of improving the lives of all human beings with happiness & longevity as the reward

EMPHASIS ON ORPHANS

Tremendous effort will be made to encourage the admission of orphans to be a part of our academy system. They will be nurtured and integrated into a welcoming environment that will be form a part of their new wholesome reality.

UNDER PRIVILEGED CHILDREN

The Academy welcomes with open arms all underprivileged children from anywhere in world. They will be nurtured and integrated into our healthy ecosystem.

K-12 EDUCATION

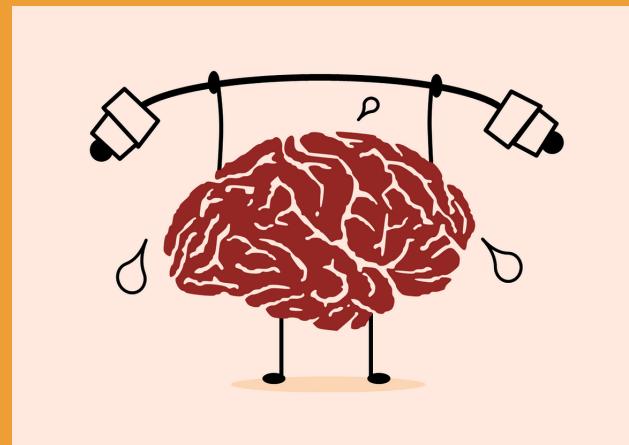

Our unique educational ecosystem will provide free and complete classical education from kindergarten to a readiness for any professional qualifications needed to attain any desired field of endeavor by our students.

MENTAL HEALTH DIVISION

We will establish a mental health support division staffed by qualified professional partners who will assist with nurturing our most traumatized students into a normal loving environment.

Integrated Agriculture

We will be growing our own vegetables on campus as well to provide fresh fruits and vegetables for all students, partners and professional staff.

Holistic Cafeteria

We will operate a holistic Cafeteria; wherein holistic health experts will guide and direct our cunsumptive and nutritional philosophies as a needed modality to encourage a sound mind and healthy body.

Physical Education

A modern gymnasium will be integrated into the campus to assist our pupils build an emotionally strong outlook in dealing with all challenges they will face in the real world. We will emphasize on restoration of their lost childhood innocence.

Academy Philosophy

We believe Education is every child's right not a gift that some children deserve and some don't, as such, we pledge to provide the warmth, love education, safe environment, that will make our campus feel like a unique Home Away From Home. We will train our students to catalysts and change makers in partnerships with Global Civil Society and World Leaders for peace and progress.

- Our Classes teach confidence and creativity.
- Our Pupils get a platform to express their ideas and speak their minds without fear.
- Our Academy will strive to equip children with the tools to be leaders in all aspects of life.
- Learning at GG Academy will not look much like a lecture, but a cordial & beneficial exchange of information.

THE ACADEMY TEAM OF EDUCATORS & INNOVATORS

Staff & Care Takers - Our teachers are scholars in their respective fields. They will give children the love, respect, attention and care they deserve, so they can do the same when they grow older as we strongly believe that you receive what you give. Also the care takers will give children a safe and homely environment.

Great Giving Academy - Will teach the children how to be giving caring, kind, and loving. The academy will provide children safe, happy, healthy environment for them to develop and grow with the potential and give them a platform to be who they are. Students excel at college and in life. Specially, Campus life is exciting, challenging, and life-changing. We strongly believes in the bond of teamwork as a way to inspire inner intellectual growth.

On-Campus Sports

BASKETBALL

SOCCER

Passion For Leadership

We will encourage our young scholars to embrace a passion for benevolent leadership which will be devoid of war and conflict. We passionately believe that every child has great potential, especially the underprivileged ones who have never had the opportunity to develop such potential in a loving environment.

ABOUT PARIS KESWANI

Paris Keswani has been quietly and humbly serving those in need not just in her community but on a global scale with an unshakeable commitment to the preservation of human rights and equality before the eyes of the law for all. Paris has entrenched herself into the world of advocacy for the homeless, displaced children, orphans, abused mothers, and people displaced by catastrophic natural events.

Over the years her relentless advocacy and unflinching dedication to improving the well being of others endeared her to many friends and admirers from civil society and helped form alliances and progressive partnerships with her New York Non-Profit Organization, Great Giving Charitable Global Foundation, Inc.

Born In India , Paris relocated to the United States, where she attained Honors In Public Administration while preserving her love for gemology. She later became a certified gemologist and successful entrepreneur initially working her way through the ropes as a jewelry designer and sales associate. Now as an accomplished jeweler and beauty queen, Paris has irrevocably dedicated her entire professional life to the service of humanity, promotion of global peace, eradication of poverty and provision of housing for all.

A perfect blend of beauty and compassion, Paris volunteers at UNICEF and New York Cares, and is honored to be a part of the United Nations Environmental Program in addition to being a proud Mother of an 11 year old son, Prince, with whom she feeds more than 200 homeless people every Tuesday, visits a new senior home every weekend, runs an annual book, toy and blanket drives and massive tree planting project to protect our environment.

She has been recognized, honored and appreciated by the good People of Secaucus New Jersey, whom their Mayor, Michael Gonnelli, has committed to work with her organization on an environmental project to replenish withering trees by plating new ones and helping children with special needs.

We are happy to present to you, the future face of progressive humanitarian work and the people's Ambassador of Goodwill Plenipotentiary, Ms Paris Keswani.

THANK-YOU
